*Fast and Safe way to install bell end well casing

*Heavy Duty Elevators are constructed of 1/2" wall DOM steel tube

*The DOM tube is machined to specific pipe OD with a chamfer added to the top for the pipe to bell transition

*3/4" pins and hinges used on both sides of the elevator

* Insert lock pin is machined with a taper for easy installation if pipe is out of round

*Chain is zinc plated, high test, grade 43
